

Carbar is one of Australia's fastest growing automotive tech start-ups, offering world-class digital experiences with new ways to access vehicles.

Carbar is a mobility technology provider that offers an alternative to car ownership via novated lease.

As an employer it is important to recognise the dedication and commitment of your people.

Offering a novated lease to your employees is an easy and administration friendly way to provide them with a significant tax-saving benefit and potentially increase their take-home pay.

With a novated lease, employers can provide their employees a benefit that will help to drive:

- Support and drive their climate change agenda
- Attract and retain employees
- Provide potential tax savings to their employees
- Administration lean benefits program that drives engagement and delivers true value

The carbar novated lease is an ATO - approved arrangement between you, your employer and financial institution that lets your employees use pre-tax dollars to pay for access to a car and all of its expenses.

With a novated lease you provide this benefit without adding any cost to your business, support the employee and enable them to reduce their carbon footprint and their tax.

Novated lease with carbar are easy!

- We take care off your employees
- Minimise FBT liability and provide a true tax benefit
- Provide ongoing and direct support for you and your employees
- Support with policy and benefits implementation

How do I get started?

Get in contact with us by either calling 0478 703 791 or email novated@carbar.com.au. We can discuss how to best assist you and explain the benefits in more detail.
